Department, Bangalore.

Sir,

With reference to your letter No11841-4 dated the 17th December 1918, I have the honour to state that the accounts, so far as this Department is concerned, consists of the cost incurred in the purchase and despatch (by special parcel) of the medicines, over and above the usual supply, the cost on account of the allowance granted to the Sub-Assistant Surgeons for itineration in the Bangalore City (this order has not been communicated with the ~~application~~ approval of the Financial Branch) and of the extra expenditure involved under Travelling allowance on account of rapid journeys by the Medical Officers and Subordinates concerned and by the special rate of travelling allowance (4 annas per mile) sanctioned to Sub-Assistant Surgeons in this connection. Figures about this are not available and are not likely to be available within the 23rd instant. The accounts of the Medical Stores have been called for.

As for statistics, it is the Sanitary commissioner who, under standing orders, receives daily returns of attacks and deaths in cases of epidemics. Necessary statistics of cases treated, as far as nominal registers of the medical institutions will show, have been called for and information will be furnished as early as possible.
